

HAS SURRENDERED NONE OF ITS RIGHTS

SECRETARY HUGHES OUTLINES ATTITUDE OF U. S. GOVERNMENT

American Government Tho Not
Party To Versailles Treaty Still
Feels It Has Something To Say
As To German Overseas Pos-
sessions--Text Of Note Is Given

(By The Associated Press)
WASHINGTON, April 6.—The American government, altho not a party to the treaty of Versailles, has surrendered none of its rights in the overseas possessions of Germany, secured to the principal allied and associated powers by that treaty, the governments of Japan, Great Britain, France and Italy are informed by Secretary Hughes in similar notes dispatched Monday.

Specifically, the communications deal with the award to Japan by the supreme council May 7, 1919, of a mandate over the Island of Yap, important cable center in the Pacific Ocean, and Mr. Hughes says the government "trusts that this action, which it must assume was taken under a misapprehension, will be reconsidered."

The notes are the first important diplomatic communications penned by Mr. Hughes and they make it plain that the change of administrations has resulted in no modification of the position of the United States that as a principal contributor to the victory over Germany it must insist upon the exercise of its full rights in the disposition of former German possessions.

One communication made public. Only one communication—that to Great Britain—was made public. The state department explained that the note to Japan contained "additional paragraphs referring to correspondence between the two governments." It added that the correspondence with Tokyo "is not made public at this time."

The note to Japan is in reply to one on the subject of Yap received from that country on March 2. The notes announced today were supplemental to previous notes on this subject from the United States to those governments and also to the council of the league of nations.

Asserting that "there could be no valid or effective disposition of the overseas possessions of Germany, now under consideration without the assent of the United States," Secretary Hughes says the treaty of Versailles "does not purport to secure to Japan or to any other nations any right in the overseas possessions of Germany save as a right therein should be secured to the United States."

Referring to contentions raised that the supreme council, during the drafting of the treaty, agreed to a mandate over Yap for Japan, Mr. Hughes calls attention to the fact that President Wilson had already made in the previous meetings of the supreme council on three separate occasions, reservations regarding the Pacific Island.

Quotes Wilson's Letter
The secretary then quotes from a letter from President Wilson to the state department March 3, in which he declared he had taken the position that Yap should be internationalized for cable purposes. Mr. Wilson goes on to say he never abandoned nor modified this position and did not agree on (Continued on Page Four.)

Frank L. Smith Accepts Position

(By The Associated Press)
SPRINGFIELD, Ill., April 6.—Frank L. Smith, Republican state chairman, today accepted Governor Small's offer of the chairmanship of the state public utilities commission and at 4:40 p. m. signed his bond. His acceptance brought an end to weeks of speculation over his decision by Illinois politicians. In his formal acceptance, Chairman Smith said: "If I should consult only personal interests and convenience, I could not assume the arduous duties and responsibilities of the position, but when I consider that this is my native state, where I was raised, where all my interests are located and whose people have honored me highly, it becomes impossible to refuse this call to duty, the proper discharge of which is of such vital concern to the people of Illinois and presents such a splendid opportunity

FEAR FOR HIS LIFE GIVEN BY MANNING AS MURDER MOTIVE

Clyde Manning Tells
of Murder of Eleven
Negroes

DETAILS OF MURDERS ARE REVOLTING

(By The Associated Press)
COVINGTON, Ga., April 6.—Fear for his life was the motive that prompted Clyde Manning, negro farm boss, to help kill 11 negro farm hands employed on the Jasper county plantation of J. S. Williams, the negro testified today in the trial of Williams in Newton county superior court. Manning asserted he did not want to help kill them, but was afraid to disobey Williams who, he declared, was trying to do away with the negroes for fear they might testify regarding alleged peonage conditions on the farm.

After federal authorities started an investigation of alleged peonage, six of them, according to Manning, being chained to rocks and thrown alive into rivers and five knicked in the head or shot and buried.

Defense Fights Hard
Williams is on trial charged with the murder of Lindsey Peterson, one of three negroes alleged to have been brought into Newton county and drowned and the defense sought to confine the witness to his account of Peterson's death and to bar him and two federal agents from testifying to peonage conditions. Judge Hutchinson overruled both motions.

Through an hour of cross-examination Manning indicted jointly with Williams denied any pressure had been brought to bear on him to make him tell the story. He said that he and LeRoy Williams, sons of the defendant for whom Governor Dorsey has asked indictments in Jasper county when the grand jury there takes up on April 11 investigation of the deaths of the eight negroes in that county, were not in court today, but Dr. Gus A. Williams, the oldest son, flatly denied reports they had left the state.

The state put on four other witnesses besides Manning—two federal agents, Clyde Freeman, a negro farm hand and a negro woman cook, and was expected to conclude its case tomorrow.

Manning was the state's chief witness. He seems little affected by his recital. He is unable to read or write, he said, and about 29 years old.

During some three hours of direct examination the negro told in detail of the alleged murder of the eleven negroes giving his descriptions in simplest words. He was not asked to describe the alleged binding of the negroes who were drowned but told how they were thrown off the bridges by himself and Charlie Chisholm, another farm hand whom he said later he helped Williams drown.

"They was stubborn and a-beggin'," Manning said simply in his version of the death of Peterson and Dillie Preston, "and me and Charlie rolled 'em over the banisters of the bridge."

The men, as were the others killed, he said, had been lured away from the farm by Williams on the pretext that they were being taken to trains and would be allowed to go to their homes in Atlanta or Macon where they had been taken from jail by Williams paying their fines.

Harry Price, another negro taken to be drowned, jumped off the bridge himself, Manning said, when he found there was no hope for him.

"Don't throw me over, I'll get over," Manning quoted Price as saying, and added that the negro with a cry of "Lord have mercy" flung himself into the river.

Manning then went into details of the alleged murder of other negroes.

One farm hand known only as "Big John" was induced to help dig his own grave on the pretense that he was digging a well and when the hole was about shoulder deep Manning testified,

FIRST MEETING TO SETTLE STRIKE IS SET FOR THURSDAY

Government Officials
and Miners to Meet
at 11 o'Clock

BOTH SIDES PREPARED FOR EMERGENCIES

(By The Associated Press)
LONDON, April 6.—A day of great excitement which looked as though it was leading to amicable negotiations on the wage dispute in the coal crisis closed with still another hitch owing to insistence upon the part of the government that resumption of pumping operations at the mines must be preliminary to any negotiations. The first meeting of the government with the miners and mine owners has been set for 11 o'clock tomorrow at the board of trade. The premier made the announcement in the house of commons that the miners' federation has informed him that it was unable to see its way clear to instruct the pump men to resume work during the negotiations.

Whether the hitch is as serious as appeared from the premier's statement is not quite certain. Frank Hodges one of the leaders of the miners referring to the matter tonight said he did not regard the question of negotiations as hopeless. The general feeling is that the trouble about pumping is due to suspicions harbored by both sides but that it is not serious enough to prove a permanent objection to negotiations.

There is no cessation of the precautionary measures taken by the government however, or by the miners transport workers and other labor bodies to be prepared for all emergencies.

MAIL CLERK STEALS DOLL; GETS ONE HOUR

CHICAGO, April 6.—Federal Judge Landis today sentenced E. N. Olson, for 20 years a government mail clerk, to serve one hour in the custody of a United States marshal, for stealing a doll from the mails. The judge also persuaded Olson's attorney to return to his client a \$1,000 fee.

At a previous hearing, Olson confessed to taking the doll. "Take him to the psychopathic hospital," Judge Landis said. "Any man who takes trinkets of this nature and pays a lawyer \$1,000 ought to be examined."

The hospital reported Olson was sub-normal.

MAN ARRESTED FOR FORGERY CONFESSES TO ELWELL MURDER

Roy Harris Said by Buffalo
Police to Have Made
Statement

GAVE STORY WITHOUT ANY PROMPTING

(By The Associated Press)
BUFFALO, N. Y., April 6.—Roy Harris, arrested this evening on a charge of forgery, signed a statement to the effect that he and another man killed Joseph B. Elwell in New York, last June, police announced.

Harris says he and a friend, William Dunkin, were accosted on the street by a chauffeur they knew who told them he had a woman passenger who might pay them well for a job. They drove about with the woman who said her name was Mrs. Fairchild and promised them \$5,000 to kill Elwell. She gave them \$50 each an account and the next morning met them and drove them to Elwell's home, where she let them in with a key.

Harris alleges Dunkin shot Elwell. The woman, he said, gave them \$450 each and promised the rest later. Harris says he never got any more and suspects his pal "double crossed" him. He fled the city when the tragedy excited such widespread interest.

The man had been staying at a hotel here with his wife since Tuesday. An acquaintance tipped police off that he was wanted in St. Catherine's, Ontario, for alleged check forgery and he was arrested. As he was being brought into the station house, he said:

"That check thing was all settled. I know what you want me for. It is the Elwell murder."

Then without much prompting he dictated a statement and signed it.

The local police notified New York authorities.

MEMBERS OF MOB ARE SWORN IN AS DEPUTY SHERIFFS

Quick Wit of Florida Sheriff
Saves the Life of
Prisoner

ESCAPES BEFORE MOB RECOVERS ITS BREATH

TAMPA, Fla., April 6.—The quick wit of Sheriff John Logan, of Polk county, in swearing in as deputies every member of a mob that surrounded his automobile in which he had as a prisoner Wilmer Collins, a negro prevented a lynching near Lakeland early today. Collins, arrested on a charge of having attacked six white women was being taken to Barlow county jail by the sheriff and three deputies. Just outside Lakeland a crowd of 100 men surrounded the party's automobile.

Facing the mob Sheriff Logan declared, "I know every man among you. I swear each and every one of you in as a deputy sheriff. It is your duty now to escort with us, this prisoner to the jail at Barlow."

While the crowd stood in surprise the officer quickly placed his charge in a faster car and sped away to Tampa. The crowd followed but was outdistanced.

WILL RECOMMEND CONSOLIDATION OF RELIEF WORK

Plan for Relief of Ex-
Service Men to be
Outlined

WILL BEGIN DRAFTING OF REPORT TODAY

(By The Associated Press)
WASHINGTON, April 6.—Consolidation under one head of all government bureaus dealing with ex-soldier relief to function directly under the president will be the chief recommendation made to President Harding by the special commission which concluded its inquiry into government relief work today. Charles G. Dawes of Chicago, chairman, announced tonight that actual drafting of the report would begin tomorrow. The new bureau will be known probably as the "Veterans Rehabilitation administration."

Its head will be selected by President Harding from among most able men possessing a knowledge of all ex-service men's problems.

Commission members were agreed today that the crux of the problem centered in the phrase "veteran rehabilitation," while it was a single problem they said it naturally was divided into three needs which must be fulfilled for the ex-soldiers by the government. They were those of a physical nature, those of finance and those dealing with industrial phases.

Heretofore these problems have been delegated to three separate organizations the public health service for medical treatment, the bureau of war risk for financial support and the board of vocational education for industrial rehabilitation.

These organizations would be grouped under a central authority eliminating duplication and conflict between the existing agencies, which, it was said had resulted in men being transferred from one jurisdiction to another and left during the transfer without physical, financial or industrial benefits.

A commission's finding it was said will show serious conditions with reference to shortage of hospital facilities, especially as affecting tubercular and mental cases. This condition will be cited to illustrate the need for new hospitals.

New legislation will be asked to accomplish consolidation of the existing bureaus and decentralization of the field service so that those in need may apply to relief stations established in the home districts rather than to Washington or other more distant bureaus.

Commander Galbraith pledged the American Legion support to the central bureau.

PENSIONERS RECEIVED LARGE SUM FROM CHURCH

CHICAGO, April 6.—Pensioners of the Methodist Episcopal church received \$2,080,237 in 1920, according to the report today of Dr. J. B. Hingley, of Chicago corresponding secretary of the board of conference claimants.

This is believed the report said to be the largest amount paid in a single year for pensions by any church or corporation.

COMPULSORY GRAIN POOLING BOBS UP AS THE BIG ISSUE

Advocates Ask That One Third of the Grain
Handled by Farmers Thru the Proposed
Marketing System be Held For Pooling—
Some Say That it is a Radical Movement

(By The Associated Press)
CHICAGO, April 6.—Compulsory pooling of grain thrust itself forward today as the big issue of the meeting called for ratification of a national cooperative grain marketing plan worked out by the Farmers' Grain Marketing Committee of seventeen. Decision on this question as well as on the plan as a whole, went over until tomorrow.

Advocates of compulsory pooling asked that one third of the grain handled by farmers thru the proposed national marketing agency be held for pooling. The committee's recommendation was that pooling should be left optional with each farmer.

Sentiment for compulsory pooling grew rapidly under the determined attack on the optional plan in the closing minutes of the day's session and on the strength of its advocates.

SETTLEMENT BY ARBITRATION OF UNION DISPUTES

Judge O'Brien Will Act as
Arbitrator in Certain
Disputes

SEVERAL RESTORED TO MEMBERSHIP

(By The Associated Press)
DETROIT, Mich., April 6.—Settlement by arbitration of disputes between officials of the Brotherhood of Maintenance of Way Employees and Railway Shop Laborers and deposed members of the executive committee of the union was announced today. Under the arbitration ruling, given by Judge O'Brien of Houghton, Mich., a visiting circuit judge, Alex M. Everett of Sebastopol, Calif., and John Hall of Rock Island, Ill., removed from the executive board by Edward F. Gable, union president, are restored to membership.

Both sides signed the agreement. It also was announced that Judge O'Brien will act as arbitrator in certain disputes that may arise within the union.

Announcement by Attorneys
Announcement was made by attorneys for both sides that the suit brought by Leo I. Kennedy, general chairman of the Pennsylvania system of the union, for restoration, following his removal from office by Gable, had been settled by arbitration.

Under the agreement, Kennedy will remain in office. The suits instituted by Kennedy or accounting of the Brotherhoods funds and to compel grand officers to set aside money for a provident fund, have been settled thru arbitration by Judge O'Brien, it was announced.

Movie Robbery Turns Out to Be Real Thing

(By The Associated Press)
CHICAGO, April 6.—While enacting. Three sacks of mail, one scores of pedestrians gazed on what a registered pouch, were thrown into the machine, when one bandit became alarmed at seeing a policeman and fired a shot at him. All of the thieves leaped into the machine and sped away. Five shots were fired by the officer. Postal authorities were unable to estimate the value of the contents of the mail pouches taken but declared they believed the amount would be small. Later it was said that the sack of registered mail contained approximately \$50,000 in money and securities. The bandits, it was said, spent the afternoon playing ball in front of the station while they waited for the appearance of the mail truck.

MOVIE DEVELOPMENT

One movie producer declares that it will not be long until movie disks are available for use in the home. He prophesies that fine films can be shown at home when the day of the disk arrives, at a small cost. The invention may be perfected, but it will not do away with the movie field. People are not satisfied to have all of their amusement at home,

even if the quality is good and the cost less.

BUSINESS TO BE BETTER.

Springfield business men are naturally feeling jubilant over the fact that the Carpenters' union, without prolonged argument, agreed to accept a wage reduction of 10 per cent. Springfield citizens believe this action will result in a greatly increased building program.

MICHIGAN DEBT TO EX-SERVICE MEN

The people of Michigan have left no doubt about their feeling of indebtedness to ex-service men. The proposal to raise a fund of \$30,000,000 thru bond issue for bonuses for former soldiers has been carried by a huge majority, the voters in the cities and rural communities alike supporting the measure.

It would have been an easy matter to carry bonus proposals in any state or community immediately after the war, but in some instances the fervor of patriotism and the feeling of obligation are both somewhat diminished.

THE EIGHT-HOUR DAY.

It is said that following the long period of discussion and investigation, that the United States Steel Corporation is about to adopt the eight-hour day. At the same time there will be a reduction in wages and the men are not to be paid on the 12-hour basis, which is now in vogue.

One thing is certain, the corporation cannot say at this time that the 12-hour day is necessary, because of the scarcity of labor. That condition prevailed a few years ago, but today there are plenty of applications on the waiting list.

STREET CAR FARES

The Decatur street car franchise is about to expire. Citizens and representatives of the company will consider the proposal that the cars shall be operated on the basis of cost for the service. This means that the valuation of property is to be agreed upon by arbitrators and then the charge for fares to be sufficient to pay expenses, interest on investment and the proper amount for depreciation. That plan may work out in Decatur, or in any other city of the size but it would be a sad program for a street car company in a city of 15,000.

THE REWARD OF FAITH

The faith of childhood is a wonderful thing, and it does not go unrewarded. In Jacksonville, the other day, a little child whose religious training has not been neglected, was passing a magnolia tree. "I wish God would give me a flower," she said, and just at that moment the breeze put one of the beautiful blossoms almost within her hand. She quickly clutched it and passed on as "Thank you, Jesus," fell from her lips. There is no doubt in that child's mind as to the source of that magnolia gift.

CAREFUL OF COMPANY WE KEEP

Certain Democratic papers are trying to show that the note of Secretary Hughes concerning the question of trading with Russia "does not modify the stand taken by Wilson," as set forth last August. This is pure bunk. Secretary Hughes in his note, declared: "It is only in the productivity of Russia that there is any hope for the Russian people, and it is idle to expect resumption of trade until the economic bases of production are securely established. Production is conditioned upon the safety of life, the recognition by firm guarantees of private property, the sanctity of contract and the rights of free labor."

The Colby note of last August, addressed to the Italian ambassador, Avezzana, did not mention these particulars, but voiced the refusal of the Democratic administration to recognize Russia under the soviet, and demanded what amounted to a restoration of the old territorial Russia under a reactionary regime before recognition would be accorded by this country.

Mr. Wilson wanted a change of

government in Russia. Mr. Hughes wants a change of morals in that country before trade is resumed. Mr. Hughes has always been the champion of personal and property rights, the sanctity of contract, and the rights of free labor. Mr. Wilson refused to recognize the same Russian government in 1920 that he tried to induce the European powers to recognize in 1919. He demanded, thru Colby, the re-incorporation into Russia of the Baltic states, in 1920, altho his utterances in favor of "self-determination" in 1917 had done much to encourage them to set up their independence.

Delaware Tribe also is planning to exemplify the work at Starved Rock in August. The Great Council of Illinois is arranging to exemplify the work on top of Starved Rock amidst primitive surroundings. Three teams from the reservation will be chosen to exemplify the work and Delaware expects to be one of the teams which is recognized as one of the best in the United States.

POLITICS BOILING IN SOUTH JACKSONVILLE

New Board Ticket Placed in Field By Petition—Village Board Held Interesting Meeting.

South Jacksonville promises to the scene of a hard battle at the coming village election which will be held Tuesday, April 19.

At the meeting of the village board held Wednesday evening a petition was presented to the board signed by twelve qualified voters of the village, asking to have the names of a candidate for president and three names as candidates for trustee placed on the ballot as an independent ticket.

The board had a full attendance, with the exception of Trustee Meggins, the following members being present, Barr, Buhrman, Perry, Heintz, and McGinnis with President Berryman presiding.

The petition was granted and Clerk Beasall will place the names on the ballot. Some time ago the village had a primary and Hugh McDewitt was nominated for president, defeating the present incumbent, L. O. Berryman. At the same primary J. K. Harvey, John Godfrey and S. L. Perry were nominated for trustees.

The petition filed last night asks that L. O. Berryman be placed on the ticket for president and O. B. Heintz, W. H. Hemmrough and B. Kopmeyer for trustees.

Both sides are already at work marshaling their forces and the fight promises to be a hot one with a full vote out.

The board also received a communication from the State Board of Health relative to Health Promotion week, April 17 to 23. The communication was approved by the board and it was voted unanimously to acquiesce in its request.

The clerk was instructed to issue a notice to all residents of the village to gather their indestructible rubbish and place it in a suitable and convenient place for removal and the same will be removed on Wednesday, April 20 and Thursday, April 21, without expense.

The board also discussed the matter of improving South Main street before it is oiled. This was left with the streets and alleys committee. The village expects to begin a general oiling of its streets in the near future.

Dr. Eaton
"Don't worry about the class you were born in—Worry about the class that was born in you," said Doctor Eaton, at the Annual Chamber of of Commerce Meeting, in a large city recently.

Doctor Eaton is exactly right.
No matter what class you were born in, there is so much class in a Jacksonville Tailoring Company suit that you can "look right" for the same amount of money you are now paying for inferior clothes.

A good tailored to measure suit, of our imported or domestic fabrics, is a whole sermon in "class." Drop in and see the beautiful Spring styles.

ANNUAL DEBATE BY
COLLEGE SOCIETIES

Will Discuss Immigration Question—Sigs Hope to Win as They Have Team of Vets.

The annual intersociety debate between Phi Alpha and Sigma Pi, the main forensic event of the college year will take place in Jones Chapel next Friday evening, March 8 at 8 o'clock. The debate, always interesting and attended with great rivalry between the two societies promises to be of more than usual interest this year, since the practically veteran Sigma Pi team is expected to defeat the Phi Alpha team composed entirely of inexperienced men.

The debaters have been working hard and an excellent debate is promised. The question to be debated is, "Resolved, That European Immigration to the United States Should Be Further Restricted By Law."

The affirmative will be upheld by the Phi Alpha team composed of Raye C. Ragan, '22; Lane Thompson, '21, and Homer V. Thompson, '21.

The negative will be upheld by the Sigma Pi team composed of Bernard Frazer, '23; Hugh M. Wilson, '24, and Franklin D. Scott, '22.

BOB SMITH
Woodson, Illinois

DEAR SIR OR MADAM:

This is the story of Geraldine Farrar stories, "The Woman and The Puppet," is the joint work of two masters of drama, Pierre Louys and Pierre Frondat, authors of the luxurious, colorful and poetic drama, "Apollonia," presented by the Century Theatre of New York this season, and acclaimed the most artistic play of the season.

"The Woman and The Puppet" is the adaptation of a famous play which stirred Paris to its depths. It offers Geraldine Farrar a tempestuous colorful role—a Spanish dancer of moods and passions, temperamental, hot-blooded, wild and untamed—until the man she had daunted like a puppet, turns and tames her with a blow.

Lavishly staged, spectacular in its rich, exotic Spanish atmosphere, and directed by Reginald Barker, "The Woman and The Puppet" offers entertainment of an unusually high order.

Cordially Yours,
T. S. SCOTT,
Manager.

P. S.—A wonderful thrill in this picture—Geraldine Farrar in "The Passion Dance."

COMPULSORY GRAIN POOLING BOBS UP AS THE BIG ISSUE

(Continued from Page One.)

sory amendment "It is the ke-point of the contract."

"If you keep this clause for optional pooling in the contract there will be no pooling. At least one third of the wheat offered is needed in a great national pool. Try out the merchandising method as against the dumping method. If you want to do the great thing, give pooling a chance. This contract gives it none. The inertia of men will fight against it."

The third shot for pooling was immediately fired by Mr. Jewett.

"If pooling is not pushed, it will not succeed," he told the delegates.

Grain growers from 23 states were reported at the conference called by the committee of seventeen after six months work on a national marketing plan. Of the 107 delegates elected at state meetings, all but four were present officials reported, and places of two of the absent were filled, bringing delegates attendance to 105.

If the movement is backed by the farmers, Mr. Thorne said today, it must develop into the largest single example of co-operating marketing in the world handling annually several hundred million dollars worth of grain.

CASE OF HARDING GIVEN TO JURY

CHICAGO, April 6.—The case of Everett Harding, who made himself known as a cousin of President Harding and his confidential secretary, was given to a federal grand jury today. He is charged with impersonating a government official.

Secret service agents, officials of the Pennsylvania railroad and politicians with whom Everett associated, were called to testify concerning the trip to Washington which 22 Chicagoans made at the time of the inauguration, as his guests. Everett is alleged to have given the Pennsylvania railroad a worthless check for use of a private car.

President Harding last week emphatically denied relationship with Everett.

LEADERS OF R. R. STRIKE ARE LEAVING STATE OF ARKANSAS

Insistence of 1,000 Citizens Causes This Action.

ROAD IS IN HANDS OF RECEIVER

HARRISON, Ark., April 6.—At the insistence of a committee representing 1,000 citizens of towns along the line of Missouri and North Arkansas railroad, union leaders who have had charge of a strike on that line have agreed to leave the state, and departed late today for Eureka Springs, Ark., with the promise to continue into Missouri tomorrow.

The union leaders are Martin C. Carey, Port Huron, Mich., representing the Brotherhood of Railway Conductors; W. J. Potts, Little Rock, Dispatchers' Association; L. M. Eddy, San Francisco, Order of Railway Telegraphers; W. E. Horne, Kansas City, and Joseph E. Saxe, Port Worth, Texas.

Informal Conference Held

The departure of the union leaders was determined upon at informal conferences following the arrival here today of two special trains from all towns along the M. & N. A., bearing six hundred citizens of these places who expressed themselves as out of patience with the manner in which the protracted strike has been conducted.

They were joined by 400 Harrison men and held a mass meeting. Committees were named from each county to wait upon the union leaders and demand they leave Arkansas.

It was reported that the union leaders had been asked to leave when the committee pointed out that a thousand men were waiting for a decision.

The departure was entirely orderly, the union leaders asked for protection and were accorded an escort and pledge of safe conduct.

The road, which has been in the hands of a receiver, is being operated on the "open shop" basis, under guard of deputy marshals, appointed because of track obstruction, attributed to the strikers. The strike followed announcement of a general wage reduction.

SECRETARY HUGHES OUTLINES ATTITUDE OF U. S. GOVERNMENT

(Continued from Page One.)

May 7, 1919, or at any other time that the island should be included in the assignment of mandates to Japan.

Hughes quotes Mr. Wilson further:

"All agreements arrived at regarding the assignment of mandates were conditional upon a subsequent agreement being reached as to the specific terms of the mandates and further upon their acceptance by each of the principal allied and associated powers."

Declaring the United States has never vested either the supreme council or the league with any authority to bind the United States or to act in its behalf, Mr. Hughes says, "this government must insist that it has not lost its right or interest as it existed prior to any action of the supreme council or the league and cannot recognize the allocation of the island or the validity of the mandate to Japan."

Text of Note

The text of the note to Great Britain which is similar to that to France and Italy, follows:

With respect to the mandate to Japan, purporting to have been confirmed and defined in terms by the supreme council of the league of nations the German possessions in the Pacific ocean, lying north of the equator, this government deems it appropriate to state the fundamental basis of its representations and the principles on which its views are determinative.

It will not be questioned that the right to dispose of the overseas possessions of Germany was acquired only thru the victory of the allied and associated powers, and it is also believed there is no disposition on the part of the British government to deny the participation of the United States in that victory.

It would seem to follow necessarily that the right accruing to the allied and associated powers thru the common victory is shared by the United States and that there could be no valid or effective disposition of the overseas possessions of Germany now under consideration without the assent of the United States.

Had No Authority to Act

This government must point out that as the United States has never vested either the supreme council or the league of nations with any authority to bind the United States or to act on its behalf, there has been no opportunity for any decision which could be deemed to affect the rights of the United States. It may also be observed that the right accruing to the United States thru the victory in which it has participated could not be regarded as in any way ceded or surrendered to Japan, or to other nations except by treaty and that no such treaty has been made.

The fact that the United States has not ratified the treaty of Versailles cannot detract from rights the United States had already acquired and it is hardly necessary to suggest that a treaty to which the United States is not a party could not affect these rights. But it should be noted that the treaty of Versailles did not purport to secure to Japan or to any other nations any right in the overseas possessions, save as an equal right therein should be secured to the United States. On the contrary Article 119 of the treaty of Versailles provides:

United States One of Powers

Germany renounces in favor of the principal allied and associated powers all her rights and titles over her overseas possessions. It will not be questioned that one of the "principal allied and associated powers" in whose favor Germany renounces her rights and titles is the United States. Thus not only could the position of the government of Japan derive no strength from the treaty of Versailles or from any discussions preliminary thereto, but the terms of that treaty confirm the position of the government of the United States.

Further the draft convention relating to the mandate for the German concessions in the Pacific

Ocean north of the equator subsequently proposed, proceeded in the same view, purporting on behalf of the United States as one of the grantors to confer the mandate upon Japan, thus recognizing the right and interest of the United States and the fact that the proposed action could not be effective without the agreement of the principal allied and associated powers.

As the United States did not enter into this convention or into this government is unable to understand upon what grounds it any treaty relating to the subject, was thereafter attempted to confer the mandate without the agreement of the United States.

It's About "Lawn Mower" Time You Want an Eclipse

It is safe to say that the Eclipse is the most practical Lawn Mower made. It is equipped with a lever, operated by two simple thumb screws, which brings the blades, as they wear, closer together, so they will always cut as keen as a pair of shears. No other Mower is so equipped. This machine also has a self-sharpening device.

The Prophet

This Mower is designed to please those who want a mower that is standard in every respect and at a medium price, although superior to many so-called "High Grade" mowers. Has large ten-inch drive wheels, six-inch reel, crucible steel blades, easy working ball clutches, adjustable bearings, hard maple handle and roller. The quality is the same as in high grade mowers and cheaper only because it is smaller and lighter.

The Lady

A mower made to please those who want a good mower and at a low price. Has eight-inch drive wheels, six-inch reel, crucible steel blades, easy working ball clutches, adjustable bearings, hard maple handle and roller. C. W. B. M. MET IN FRANKLIN YESTERDAY

Regular Session of Christian Church Society held at home of Mrs. C. E. Cussins Wednesday.

Franklin, Apr. 6.—The regular meeting of the C. W. B. M. of the Christian church was held Wednesday afternoon at the home of Mrs. Charles E. Cussins. The president, Mrs. M. D. Henderson, presided and the session opened with a song. Then came a very interesting paper on "Teaching the Bible in Porto Rico" by Mrs. Nina Lewis. Another excellent paper was that by Mrs. Edgar Sweet on "The Bible in Latin America." The devotionals were led by Miss Anna Bateman and the "Hidden Answers" was in charge of Mrs. Clara Tribble.

The program was somewhat shortened on account of the unavoidable absence of some of the members. A social hour followed the program, at which time the hostess served delicious refreshments.

The next meeting will be on May 4, at the home of Mrs. A. H. Wright.

Oliver Angelo was a local caller yesterday from Murrayville.

THE COUNTY BOARD TUBERCULOSIS SANITARIUM RESOLUTION

The following is a copy of the resolution adopted by the county board with reference to the proposed tax for the completion of the County Tuberculosis Sanatorium.

Whereas, the voters of Morgan county, have heretofore affirmatively voted to levy a tax for the purpose of establishing and maintaining a County Tuberculosis Sanatorium, said tax according to the act establishing the "Tuberculosis Sanatorium Fund" not to exceed two (2) mills on the dollar annually on all taxable property in, said county; and

Whereas, the Supreme Court of Illinois has decided since the aforesaid vote was taken that the taxes for the cost of establishing and maintaining said sanatorium are taxes for county purposes and consequently a levy of them cannot lawfully be made in excess of fifty (\$50) cents on each one hundred (\$100.00) dollars valuation without a vote of the people; and

Whereas, it now appears that the addition of any tax for such purpose to aggregated tax now necessary to be levied for general county purposes would necessitate a levy in excess of the legal rate of fifty (\$50) cents on each one hundred (\$100.00) dollars valuation.

Therefore, be it resolved by the board of county commissioners in and from Morgan county, Illinois, that it is necessary for the completion, equipment, and maintenance of the County Tuberculosis Sanatorium to levy taxes for the next five successive years beginning with 1921 in addition to those raised by levying a rate of fifty (\$50) cents on one hundred (\$100.00) dollars valuation on all taxable property in Morgan county, Illinois;

Be it Further Resolved that an order be entered of record as the record of the Board of County Commissioners aforesaid that the proposal to levy said additional tax be submitted to the vote of the people of Morgan County, Illinois, at the Judicial Election to be held in and for said County on the 6th day of June A. D. 1921; and

Be it Further Resolved by the Board of County Commissioners aforesaid that the County Clerk of Morgan County, Illinois, be directed, required and commanded to submit to the voters of Morgan County, Illinois, at said election the following propositions:

For Additional Tax, to be levied on all taxable property in Morgan County, Illinois, as assessed and equalized for State and County purposes, for the years 1921, 1922, 1923, 1924, and 1925, at a rate not to exceed two (2) mills on each One (\$100.00) Dollars valuation, in addition to the rate of Fifty (\$50) cents on each One Hundred (\$100.00) Dollars valuation, for the purpose of completing, equipping, and maintaining a tuberculosis Sanatorium in Morgan County, Illinois.

Against Additional Tax, to be levied on all taxable property in Morgan County, Illinois, as assessed and equalized for State and County purposes, for the years 1921, 1922, 1923, 1924, and 1925, at a rate not to exceed two (2) mills on each One (\$100.00) Dollars valuation, in addition to the rate of Fifty (\$50) cents on each One Hundred (\$100.00) Dollars valuation, for the purpose of completing, equipping and maintaining a Tuberculosis Sanatorium in Morgan County, Illinois.

Against Additional Tax, to be levied on all taxable property in Morgan County, Illinois, as assessed and equalized for State and County purposes, for the years 1921, 1922, 1923, 1924, and 1925, at a rate not to exceed two (2) mills on each One (\$100.00) Dollars valuation, in addition to the rate of Fifty (\$50) cents on each One Hundred (\$100.00) Dollars valuation, for the purpose of completing, equipping and maintaining a Tuberculosis Sanatorium in Morgan County, Illinois.

Against Additional Tax, to be levied on all taxable property in Morgan County, Illinois, as assessed and equalized for State and County purposes, for the years 1921, 1922, 1923, 1924, and 1925, at a rate not to exceed two (2) mills on each One (\$100.00) Dollars valuation, in addition to the rate of Fifty (\$50) cents on each One Hundred (\$100.00) Dollars valuation, for the purpose of completing, equipping and maintaining a Tuberculosis Sanatorium in Morgan County, Illinois.

Against Additional Tax, to be levied on all taxable property in Morgan County, Illinois, as assessed and equalized for State and County purposes, for the years 1921, 1922, 1923, 1924, and 1925, at a rate not to exceed two (2) mills on each One (\$100.00) Dollars valuation, in addition to the rate of Fifty (\$50) cents on each One Hundred (\$100.00) Dollars valuation, for the purpose of completing, equipping and maintaining a Tuberculosis Sanatorium in Morgan County, Illinois.

UNEMPLOYMENT IN UNITED STATES IS STILL INCREASING

This is True Despite Resumption of Automobile Industries

SHUT DOWN OF STEEL PLANTS MAIN CAUSE

(By The Associated Press)

WASHINGTON, April 6.—In spite of renewed activity in automobile plants and a resumption of operations in three or four other industries, industrial unemployment in the United States continued to increase during March, according to labor department statistics. From all sections, however, increased employment on farms was indicated in the verbal returns made by federal agents.

The department found that 1,424 industrial establishments in the United States, ordinarily employing more than 500 men each, had on March 31, 1,587,786 workers on pay roll, against 1,612,611 employed on February 28, a net decrease of 24,825, or 1.5 per cent.

By far the largest proportion of the unemployment increase during the month was due to cessation in steel and iron operations. Detroit, with 25,671 workers, re-employed in automobile factories during March, showed the most favorable condition, while Pittsburgh, with the reduction in steel operation, showed 12,305 fewer persons on pay rolls March 31, than at the end of the previous month.

In New York, 7,058 were added to the total unemployed during the month, according to the labor department summary, while in Milwaukee the total was 6,525, and in Chicago 4,540.

NEWS NOTES FROM THE FARMS

While experiences in cattle feeding the past year have been discouraging for most farmers, here are a number in Morgan county who will carry on the business as usual this year. One of the men who feeds cattle year after year and with success is A. A. Curry of Pisgah precinct. Mr. Curry recently shipped in 217 head of steers which are now on his farm. These cattle weigh on an average of 825 pounds, and local men who have seen them call them of nearly uniform quality.

About half the cattle—that is, something more than 100 head, have already been put on feed as Mr. Curry believes that with the present prices of corn that this can be done profitably. The remaining steers will be kept on grass and will probably be returned to market early in the summer.

Another Morgan county feeder is County Commissioner J. E. Osborne who just purchased an additional car of cattle on the stock market. These are light steers and will be put on grass on the Osborne farm near Murrayville, where Mr. Osborne and Mr. Hayes are already feeding a considerable number of cattle and hogs.

The price of hogs by comparison with the price of corn is now very high and that very fact is lessening the number of available hogs for feeding purposes. The man who has hogs weighing from 75 to 125 pounds, can find ready sale for them, as farmers can feed corn at its present price and very largely increase its value. However, many farmers are fearful about purchasing any large number of light hogs for feeding purposes, as they have little confidence

Leading food experts give interesting information to every mother in America

Leading food experts of America have stated why Karo is one of the greatest of all energy-producing foods.

The reason for this is easy to explain. Karo is composed of a very large percentage of Dextrose.

Dextrose is one of the most important of all food items. You could not live long without Dextrose. Most of the foods you eat—such as bread, starchy vegetables, and all forms of sugar—have to be changed into Dextrose before your system can use them as energy foods.

So Karo may almost be said to be a predigested food. These are scientific facts, supported by the very highest medical and food authorities, and undoubtedly, is one reason for the tremendous nationwide popularity of Karo.

Give your children and the folks all the Karo they want.

Your Protection

Do not be deceived by cans containing syrup that might look like Karo. The name "Karo" is on every can of original Karo—look for it, and be assured of full weight cans and highest quality.

BLUE Karo

The standard table syrup. Also for cooking, baking and candy making. Light brown color, delicious flavor—a heavy-bodied syrup.

RED Karo

The Ideal Syrup for every use—for cooking, baking, candy making and preserving. Because of its honey-like appearance many prefer it as a spread for cakes, biscuits, breads.

GREEN Karo

Flavored with highest grade real maple sugar. Very moderate in price—absolutely pure. The makers of Karo are the world's largest users of the highest grade maple sugar—over a thousand tons used annually.

Chicago, Ill.—"I was in bed with a female trouble and inflammation and had four doctors but none of them did me any good. They all said I would have to have an operation. A druggist's wife told me to take Lydia E. Pinkham's Vegetable Compound and I took 22 bottles, never missing a dose and at the end of that time I was perfectly well. I have six room flat and do my own work. My two sisters are taking the Compound upon my recommendation and you may publish my letter. It is the gospel truth and I will write to anyone who wants a personal letter."

C. L. Bates, Waverly; O. B. Rees, Franklin; Arthur Seymour, Murrayville, and L. A. Vasconcellos, Jacksonville, were elected delegates, and Lon McNeely, Nortonville; Louis Piepenbring, C. R. Knellenberg, Jacksonville, and A. H. McDaniel, Chapin, were selected as alternates.
After the election several of the members gave short talks on the good of the order.
C. L. Bates of Waverly, who was elected secretary of the convention, is one of the oldest clerks in point of service in the United States. Mr. Bates has served as clerk of Waverly Camp for thirty-six years.
The delegates elected yesterday will go to the state convention at Galesburg, where delegates to the national head camp will be elected. The head camp will be held in St. Louis in June.

OBITUARY
Mattie E. McDaniel was born about two miles west of Franklin, Ill., May 5th, 1860, and passed away at her home, one mile north of Markham, Ill., April 1st, 1921, at the age of 60 years, 10 months and 26 days.
On February 25, 1885, she was united in marriage to W. T. Saunders and to this union were born six children who survive with the husband. They are Etta, wife of Will Edmondson, of Waverly; Flora, wife of Will Perbix, of Chapin; Treah, Vilouris and Phylis at home, and LeRoy, who joined the navy last Sept. and is now on his way to Manila. Also three granddaughters and one grandson.
At the age of eleven years old she joined the M. E. church at Chapin, Ill., and always lived in faith of Christ ever after. She was an invalid for many years and bore her suffering patiently and was always ready to meet her friends with a bright and cheerful smile.
Through all pains at times she'd smile.
A smile of heavenly birth;
And when angels called her home,
She smiled farewell to earth.
Heaven retaineth now our treasure,
Earth the lonely casket keeps,
And the sunbeams love to linger
Where our sainted mother sleeps.
The funeral service was held at the home on Sunday at 2 o'clock, in charge of Rev. Mr. Weizel, minister of Mt. Zion, with interment in Chapin cemetery.
The singing was furnished by Miss Mattie Bobbitt, Mrs. F. P. McKinney, Will McAdams and Wilbur Williams.
The pall bearers were: Al Thomason, Emory Carter, Thomas Paschall, F. P. McKinney, Roy Ticknor and George Wolfe.
The flowers were cared for by Mrs. Fred Carter and Miss Ethel Austin.

**FARM BUREAU
NOTES**

Receding Clover—A. D. Gibson of the Providence neighborhood and Morris Seymour of Woodson both report clover so badly damaged that receding seems desirable. Mr. Gibson already sowed 70 pounds per acre on land that has been lived and phosphated according to the Illinois System of Permanent Agriculture and is willing to seed again in order that the plan of rotation be not interfered with.

What They Are Doing With the Oats—A. B. McKinney of Woodson is receding. C. F. Drake of Chapin was rolling with a corrugated roller yesterday, some others are drilling in a half seeding across the drill rows in all probability the timely showers will cause the fields to recover rapidly when the stand is not killed.

Disease Free Corn—C. A. Rowe has purchased for trial purposes a bushel of seed corn that is guaranteed to have passed all the tests of the experts for insuring it disease free. Those in close touch with the situation feel that these rats are cutting yields of the corn in the state fully fifteen per cent and careful observations convince us that these diseases are increasing throughout the corn belt. The first step that is necessary to secure the best results in controlling these corn troubles is to select mature ears in the field from healthy stalks growing in disease free hills. Wilting and prematurely dead stalks commonly bear diseased ears. In view of these facts we will gladly await the observations of Mr. Rowe.

There Will Be a Meeting This Evening of all those who are interested in the Morgan County Fair Association. It will be held in the Farm Bureau office at 7:30 and at that time the organization of the Fair Association will be perfected.

The Duroc Breeders Association met Tuesday evening at the Farm Bureau office. Plans were made for putting on a Futurity Show for the Duroc Breeders at the County Fair. One hundred dollars worth of premiums will be given at this one show. Much interest is being shown in the fair and from present indications it will be a great success.

DEPPE NOW HAS BUTTERICK AGENCY
The Butterick pattern agency has been removed to the store of C. J. Deppe, owing to the fact that the room occupied by the Butterick company, recently, is to be occupied by Floeth & Company. Mrs. W. E. Nichols of Chicago, who is a representative of the Butterick Publishing Company, is in the city giving instructions to Miss Emma Wood, who is to have charge of the pattern department. Mr. Deppe is planning to make several improvements, which will make the new home of the Butterick fashions very attractive.

Right now is the time to have your broken plows, tractor parts and other farming implements and machinery WELDED for Spring use.

Right here is the plant to handle the work—experienced welders using the best equipment in a fully equipped shop.

**YOU'LL GET RID OF
BLACKHEADS SURE**

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them.
To do this get two ounces of calomine powder from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the pores without any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin. Pinching and squeezing only cause irritation, make large pores, and do not get the blackheads out after they become hard. The calomine powder and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anyone troubled with these unsightly blemishes should certainly try this simple method.

**MRS. REIFENSTEIN, AGED

Declares She Would Like to Put a Bottle of Tanlac in the Hands of Every Sick Man, Woman and Child in This Country—Never Saw Its Equal.

MRS. EMMA REIFENSTEIN
337 Webster Ave., Syracuse, N. Y.

"I am sixty-seven years of age, but in all my experience I have never known a medicine like Tanlac. Think of it! At my age to gain twenty-five pounds in weight but that is just what I have done," said Mrs. Emma Reifenstein, of No. 337 Webster avenue, Syracuse, N. Y.
"If I had it in my power," she continued, "I would put a bottle of Tanlac in the home of every sick man, woman and child in this country, for I know what this wonderful medicine would do for them. For almost two years I was almost a nervous wreck. I did not dare to leave the house or even go up town unless my husband went with me. I was afraid to even cross the street and had a feeling of dread all of the time."
"My stomach was weak and easily upset. For days at a time I would go without solid food. I could not rest at night to do any good and felt tired and worn out all of the time. Some days I could hardly drag myself across the room and was so weak and miserable I was ready to give up."
"My health is fine now and I eat anything I want and never have a touch of indigestion. I have never slept better than I do now. My recovery is the talk of our neighborhood, as it was generally believed I could not last but a few weeks longer. This grand medicine has brought me health and happiness and I just can't say enough in its praise."

Mr. J. Reifenstein, in comment on his wife's statement, said: "Yes, her recovery has been a happy surprise to us all. A few weeks ago I had no idea she would be able to pull through, but now she is in better health than I have ever seen her and the credit is due to Tanlac. We have been married fifty-two years today and I don't believe I have ever seen her looking any better."—Adv.

NUXATED IRON
Helps make rich, red blood and revitalize weak nerves

**A CAUSE OF
WOMEN'S ILLS**

WOMEN OFTEN THINK THEY HAVE HEART TROUBLE, INDIGESTION, NERVOUS PROSTRATION, ETC., WHEN IT IS ONLY IRON STARVATION OF THE BLOOD.

Many women believe that they are weak and nervous as a result of age, worry and overwork; they think that their disturbed digestion, headaches, heart palpitations, shortness of breath, pains across the back, etc., are due to some serious disease instead of the real cause—iron starvation of the blood. This is proven by the fact that when many of these same women take Nuxated Iron for awhile all their alarming symptoms quickly disappear and they become strong, robust and healthy. Iron is absolutely necessary to enable your blood to change food into living cells and tissue. Without it nothing on earth does you the proper amount of good. If you are not strong and well do not wait until you go all to pieces and collapse in a state of nervous prostration, but take some organic iron—Nuxated Iron—at once. But be sure it's genuine iron and not metallic iron which people usually take and which is made merely by the action of strong acids on small pieces of iron. Genuine NUXATED IRON is like the iron you find in the blood. It is made of iron, sulfur, and phosphorus and it often causes the body and mental vigor of weak, nervous women in two weeks' time.
Beware of substitutes. Look for the word "Nuxated" on every package and the letters "N" on every tablet. Your money will be refunded if the manufacturers if you do not obtain perfectly satisfactory results. At all druggists

SUCCESSFUL YEAR AT WESTMINSTER

Family Church Supper Served Last Night — Excellent Reports Presented From All Departments.

The annual meeting of Westminster Presbyterian church was held Wednesday night. Members of the church and congregation were invited to be present for supper, which was served at 6 o'clock by the Ladies' Aid society. Afterward, with Dr. Thomas Smith, pastor of the church, presiding, came the business session, when reports were made from the various departments. The showing in every instance was satisfactory, giving proof of increased activity and interest. While the expenditures of the year have been much larger than usual, on account of extra repair work and matters of that kind, the contributions toward benevolences and various special funds were as large as ever.

Preceding the reports Dr. Smith offered a prayer, two hymns were sung and then there was a responsive reading. Miss Katherine Barr and Frank Collins were the accompanists who served at intervals during the evening.

Reports were made as follows: Y. P. S. C. E.—George Drennan. Boy Scouts—Earl Tilton. Junior Y. P. S. C. E.—William Walton. Brotherhood—C. B. Massey. Junior Congregation—Rhoda Rammelkamp. Mission Band—Lorna Carpenter. Guild—Miss Louise Holmes. Woman's Home Missionary Society—Mrs. Ensley Moore. Woman's Foreign Missionary Society—Mrs. Robert Stevenson. Ladies' Aid Society—Miss Jessie Holmes. Sunday School—Miss Marion Updegraff and W. J. Brady. Sunday School Missions—Mrs. Robert Stevenson. Deacons—C. B. Massey. Treasurer Benevolence Funds—Dr. F. C. Noyes. Clerk of the Session—G. C. Guthrie, showing an increase of 33 in membership. Treasurer—Mrs. G. C. Guthrie. Trustee—Frank Elliott. Necrology—Ensley Moore. The record showed that during the year a number of persons long identified with Westminster have passed away, the list including Mrs. Kellogg, Mrs. Allen, Mrs. Sooy, Mrs. Dyer, Mrs. Sanford. J. E. Bentley was elected to the board of elders and will serve with Messrs. Ensley Moore, R. R. Stevenson, William McCormick, J. Marshall Miller, G. C. Guthrie, Carlton W. Taylor and C. H. Rammelkamp. Mr. Bentley succeeds W. T. Brown, who is absent from the city and who served thru many years as clerk of the session. By motion it was determined to send a special letter of greeting to Mr. Brown.

Dr. L. E. Staff and C. B. Massey were elected deacons. J. A. Ayers was added to the board of trustees, the other members being Messrs. Frank Elliott, O. F. Conklin, W. J. Brady, Andrew Russell, George S. Robinson, John H. Russell and J. W. Walton.

Various matters of business relating to the welfare of the church were discussed in an informal way and it was very evident that the members of the church feel very much gratified that the church year has come to such a successful close, with a satisfactory interest in all departments and with all expenditures met.

In various ways the church made known its appreciation of the splendid leadership of Dr. Smith and acknowledgment was made too of the debt the church owes to Mrs. Smith because of her earnestness and devotion.

One hundred and fifty people were served by the Ladies' Aid society and the meal was of a very satisfying kind. Miss Eleanor Moore is the president of the Aid society and a competent committee from the society planned and served the excellent supper, with the assistance of some of the young people as waiters.

SERVICE AT GRACE CHURCH WELL ATTENDED

Evangelist LaMance Preaches on Theme "Preparation to Meet God" Wednesday Evening—Prayer Meetings Announced for This Afternoon.

The theme of Evangelist Billy LaMance at Grace church last night was "Preparation to Meet God," and his sermon was one which the large audience heard with deepest interest. The speaker quoted the words of the Prophet Amos, "Prepare to meet thy God." Amos 4-12.

A rousing song service preceded the sermon, the large chorus choir being at its best last night. Tonight the theme will be "How a Great Man Lost His Soul." It was announced that prayer meetings will be held at 8 o'clock this afternoon as indicated below: Home of Mrs. Kent, 211 North Prairie street, leader, Mrs. Nelson; home of Mrs. Tompkins, 350 West College street, leader, Mrs. Charles Hopper; home of Mrs. Ellis, 844 North Church street, leader, Miss Ida Lee; home of Mrs. T. V. Hopper, 523 South Diamond street, leader, Miss Nina Carter; home of Mrs. Alonzo Groves, 1030 Mound avenue, leader, Mrs. Belle Lambert.

Tonight will be young people's night but all are invited to attend the service. All young people over 15 years of age and unmarried are invited to the social hour before the public service. Games will be played and dinner served at 6-15 o'clock. All the young people will then attend the service in a body.

A few paragraphs from Evangelist LaMance's Wednesday night sermon are given: "Society looks upon the person who makes no preparation to meet life's responsibilities and obligations as an imposition. The time has come when the quick is no longer tolerated. A nation unprepared in time of war is in extreme peril. Preparation is made in the home for the expected guest. You do not meet your company at the door in a house dress or overalls.

"In the great national and international athletic contests expensive preparation is made by the contestants. In the Olympic games the best equipped and prepared persons are selected to compete for honors. Even prize fighters must cut out booze. Students must prepare in a thorough way for examination. We all prepare to meet the tasks of life, but how many do not prepare to meet God?

"The Bible teaches us that the soul that is not prepared to appear before God is doomed. If you want proof that many are not so prepared, look at the sin and greed on every hand. Some believe that all the preparation needed is to believe that Jesus lived and loved and died for us. Others claim that salvation is culture—that culture is all that is needed. No human substitute will pass for the preparation God requires. The Bible tells us that a man appeared at the marriage feast who was not prepared, as he did not have on the wedding garment. He was bound hand and foot and cast into outer darkness.

"There was a young man who met Jesus one day and after listening to him said: 'Look me over. What do you think of me? I have kept the commandments from my youth.' Jesus said: 'One thing thou lackest.' Nicodemus was a good man but Jesus said to him: 'Ye must be born again.'

"A clean physical or moral life is not sufficient preparation to meet God. Attending Sunday school and church does not make one either a scholar or a Christian. Christ is the great shelter in the time of storm. Those who flee to him shall be saved."

NEW IMPROVEMENT ASSOCIATION FORMED

The South Main Street Improvement association has recently been organized in this city and gives promise of becoming one of the strongest civic organizations of the community. A meeting was held recently, when temporary officers were chosen as follows: Chairman, George F. Schmalz; vice chairman, D. M. Keating; secretary, C. O. Bayha.

At a general meeting to be held in the near future it is the purpose to name permanent officers and perfect the working plans of the organization. The association was formed for the purpose of fostering all kinds of improvement plans affecting South Main street. Sewer and pavement matters will receive the attention of the association, which will work in co-operation with the city and other improvement organizations.

It is probable that the new organization will be incorporated under the laws of the state at some future date.

TO SPRINGFIELD AND BACK IN HOURS' TIME

Gay Hutson made a trip to Springfield and return yesterday, the entire journey consuming just one hour's time. Mr. Hutson made the trip in the three-passenger Curtiss airplane which he now owns. This flying trip to the capital city was made for some needed automobile parts.

Thetourist for whose car the parts were needed stopped at the Hutson garage in the early afternoon. When it was found that the parts were not in stock Mr. Hutson made the trip to Springfield, procured the necessary articles and returned and soon the tourist was able to leave the city with his automobile in fine working condition.
